

Erasmus 2022 Project Results

1. Evaluation criteria:

Out of a total of 100 points (final score):

Calculated based on

- GPA (GANO): 50%
- English Exam Result : 50%.

On the final score

- Children of martyrs and veterans: +15 points
- Students with disabilities (provided that disability is documented) : + 10 points
- Students who have been given protection, care, or housing decisions under the Social Services Law No. 2828: + 10 points
- Participating in mobility in the country of citizenship: - 10 points
- Previously benefits (with or without grants): -10 points applied.

2. Results:

The announced list of results is not the results of the grant distribution and the grant will be realized after the notification of the distribution after it is allocated to our University within the scope of the 2022 Project.

After the signing process of the annual contribution agreement between the EU and Turkey is completed, grant agreements are signed between our University and the Center and grants are allocated to the University. All students who go before this period will benefit from mobility without grants and visa writings and grant agreements will be arranged in this way. Students cannot hold our University and Center responsible for any expenses they make at this stage.

Students who wish to **object to** the exam results **can object to** your language exam grade within **5 working days from the** announcement of the results.

For your request, you must first [complete the appeal form](#) and then **send an e-mail to ptkavak@medipol.edu.tr**. Your request will be reviewed by the Language School and you and the Erasmus coordinator will be notified if the change occurs. [Click here](#) to access the form.

If the student whose grades have changed as a result of the official appeal period, the list will be updated through this announcement.

Students who score **70 points** or more will have the right **to choose**. Information on the subject is included in the announcement dated 14.02.2022.

[Click here](#) for the final score result list. *(It is explained by masking method within the scope of protection of personal data.)*

3. Preferences:

Preferences will be made online between **31 March and 11 April 2022**. Students can choose within the available quotas.

[Click here](#) for the online preference form. *(You can fill out the form by logging into the Office program from your address with the extension std.medipol.edu.tr.)*

You have a **maximum of 3 University** preferences on the preference form. Therefore, when making your preferences you need to choose the University you want to go to in the first ranking first.

You need to fill out the preference form once for each type of mobility (*study/internship*). Students who fill out the form more than once should contact the Erasmus Coordinator via e-mail.

Both study and internship can be preferred for the same project year. In this case, it is necessary to contact erasmus coordinator via e-mail about which type of -10 points will be applied.

If a student who has previously benefited from mobility applies for both education and internship activities at the same time, a "-20" score will be applied from the type of mobility he has previously benefited from and a "-10" point reduction will be applied from the second type of mobility he/she has applied for.

Before making a choice, we recommend that you review the website of the University you want to go to, if there are extra documents that may be requested regarding the language of education, you should be informed, and you should examine the campus and its conditions for education.

Candidates who do not complete the preference form will be deemed to have waived their right.

Placement results will be determined according to the students who choose.

The final scores of the students who uploaded the acceptance letter for the internship will be announced as plus points in the list to be published after placement.

[Click here](#) for Partner University and Quota Information.

Placement results will be announced on April 14, 2022.

The deadline for submitting the next waiver and internship acceptance letter will be specified in the announcement of the placement result, which will be published on April 14, 2022.

The orientation meeting for the students who are eligible to go will be held online through the Teams system and will **be informed about the date.**

You can also contact **your unit coordinators about university preferences** .
