Objective

Within the framework of its corporate values and relevant policies, our university aims and undertakes to take the necessary measures and make arrangements in this direction in order to facilitate the learning lives of students who study at our university and who need special protection, care, rehabilitation, counselling and support services due to any disability and to increase their social participation, based on the principle of equality of opportunity in education.

Scope

Academic and administrative units, academic staff, administrative staff and students with disability are covered by this policy. The policy is announced through the website and other communication tools.

Rules, principles and tasks

Our University acts within the framework of the following policies and principles:

- All processes and activities related to students with disability are based on the principles of human rights, equal opportunities in education and the fight against discrimination.
- It acts within the framework of the relevant legal legislation and university facilities for the services, facilitating solutions and practices to be provided to disabled students.
- It aims to be accessible to students with disability and their families and to communicate effectively.
- It works with the relevant academic and administrative units of the university to make the university life of disabled students accessible in physical, academic and social terms.
- The University identifies the data of registered disabled students for information purposes. Provides information about office applications and supports. It provides opportunities for students to declare their disabilities but does not force them to apply to the unit and receive

services. It provides service provided that the disabled student applies to the office in person and submits the requested documents.

- The unit does not share the identity and disability status of the student benefiting from the services of the unit with other persons or institutions without permission, confidentiality is essential.
- It cares about internal and external stakeholder relations and opinions, and endeavors to establish a stakeholder relationship.
- It aims to maintain ties with disabled students after graduation.
- It aims to organize in-service trainings, certificate programs and events in order to raise social awareness.

Execution

Policy For Students With Disability is carried out by the Rectorate of Istanbul Medipol University.

Office for Students with Disability, Quality Coordinator, Quality Commission, Quality Accreditation Office, Academic Units, Administrative Units carry out the duties and activities within the scope of this policy.
