2.Results:

The announced result list is not the grant results. Within the scope of the 2024 Project, the grants will be provided after informing about the distribution after it is allocated to our university.

After completing the signing process of the annual contribution agreement between the EU and Turkey, grant agreements are signed between our university and the Centre and the grants are allocated to the university. All students who leave before this period will benefit from the mobility without a grant, and visa letters and grant contracts will be arranged. Students cannot hold our University and the Centre responsible for any expenses made at this stage.

Students who want to **object** to the exam results can object to the English Proficiency Exam within **5 (five)** business days from the announcement of the results.

First, you must fill out the **objection petition** for your requests on the topic and then e-mail mdyardimci@medipol.edu.tr address. The Language School will evaluate your request; you and the Erasmus Office will be notified if any changes occur. [Click here](#) to visit the form.

If there are students whose grades change due to the official objection period, the list will be shared with students.
