

This survey was developed by Istanbul Medipol University Quality Commission-Quality Accreditation Office. The implementation, analysis and evaluation of the survey will be carried out by the same unit. The aim of the survey is to learn the opinions and thoughts of our students for use in quality improvement processes. The survey first includes questions about your personal information and then about your assessment of quality processes. Your credentials are not required. Opposite each survey item, there is a 5-point Likert scale to reflect your degree of satisfaction. Please mark the items according to your level of satisfaction. In the last section, you can also write your comments and suggestions.

Protection of personal privacy is essential in the survey.
Thank you for your participation and support.
